

# Zomato Reviews Scraper

- Give text file as an input, where in there should be new line after every link that needs to be scrapped.

Example:

- You need to install Chrome Driver to use this Code. You can download Chrome Driver from the link Below.

<https://chromedriver.chromium.org/downloads>

- Give paths of file and Chrome Driver and run the code.
- Output after giving above file as an input:

[illegible]
